Senior Center Volunteer Gives Back

Bob Lehman and his wife Lenore, are shown standing with Senior Center personnel Wes Green, Sheri Rychener and Commissioner Paul Barnaby. The Lehman's have recently donated a handicapped van to the Senior Center after recognizing a need. Bob is a volunteer medical transport driver for the center. "Being a truck driver, I've always had a place to go. When I retired, I didn't know what to do each day. Now I don't have to wonder what I'll do because I know I'm either going to the Center or driving someone to an appointment. It gives me purpose each day!" Thank you to the Lehman's for their generous donation!

Magistrate Altman asked the Wauseon Second Graders what they thought the wire racks were underneath the chairs in the Common Pleas Courtroom during their recent visit to Fulton County. Although many of them had excellent guesses, no one was able to guess that they were racks for gentleman to place their hats on! This beautifully preserved courtroom is full of history and stories of the days of old.
