

Fulton County Public Records Policy

The Board of Fulton County Commissioners acknowledges that the Board, its various offices, departments, and functions and each elected official have many records that are used in the administration and operation of the County. The records maintained by the County and the ability to access them are a means to provide trust between the public and the County.

In order to maintain this trust, the Board, and all Elected Offices who adopt this policy, provide to the general public prompt inspection of public records, and upon request, copies of these records, within a reasonable amount of time during regular business hours. Please consult with each office for specific hours of operation.

A full copy of the Fulton County Board of Commissioners public record policy and its various Records Retention Schedules are available for review, and upon request copies, in the Commissioners' Office, located at 152 South Fulton Street, 2nd Floor.

Please consult with any of one of our employees for further information.
